YOUR CARE TEAM

The doctors behind your plan.

Our doctors plan and carry out your treatment in Istanbul.

Dr. Kerem Aksoy
DDS, PhD
Oral surgery and implants

Dr. Emre Tunalı
DDS, PhD
Implantology and full-arch cases

A NOTE FOR YOU

Robert, your remaining teeth cannot be kept for long, so we suggest fixed full-arch bridges on implants, top and bottom. On the first visit the teeth are removed, the implants placed, and you leave with fixed temporary teeth the same week. After about three months of healing we fit the final zirconia bridges. All-on-6 spreads your bite over more implants; All-on-4 needs fewer implants and costs less.
